WINTER WEATHER- We are now starting to get a taste of that crisp Buffalo winter air please make sure all students dress appropriately for the weather and that they take home all their clothing and shoes during this time. Their body temperatures are up after dancing, and I see way too many dancers leave with no jackets on or they leave with jackets unzipped. We are trying to keep everyone healthy. Let's work together on this one to keep our dancers healthy. A little roll of the eye is better than their school calling and saying they will have to be quarantined for 10 days because they have a runny noses...LOL
